To Whom It May Concern

Testimonial for Nickson Yeap Zu Jie

Corsiva Lab Pte Ltd employed Nickson Yeap Zu Jie as an intern, working with the IT department to develop websites, web applications for our clients between 18 March 2019 to 24 May 2019. During his 2 months with Corsiva Lab, he has worked with 13 projects for Corsiva Lab's clients.

Nickson has impressed me with his ability to understand tough concepts. He is a perceptive individual and a keen learner who is always eager to find out more on how various concepts work together. As a teammate, he has demonstrated himself to be trustworthy and reliable when working on group projects. He is also very supportive when his senior delivers sought for his help that is out of his job scope.

I've observed Nickson to be flexible and nimble in his approach to solving the questions raised by the technical team. He is able to react swiftly to changes by adjusting the necessary programming in order to get it ready for the project manager and get it ready for commercial release. Nickson has also demonstrated his competence in delivering quality work and has stayed back occasionally to tighten up the loose nodes observed in the projects to ensure timely delivery.

I am certain that Nickson will continue to achieve great things in the future. I highly recommend him for any program that he would be applying for. I wish him well in all his future endeavours.

If you would like additional information about Nickson, you can contact me at guohong@corsivalab.com

Your sincerely,

Lim Guo Hong
